

## Highlights

- ✔ Designed for large businesses and enterprises
- ✔ Big capacity and cost-effective storage devices
- ✔ Reliable and high performance storage
- ✔ Capacity up to 30TB SSD in a single 4U enclosure
- ✔ Equipped with (2+1) power supply, NIC ports aggregation
- ✔ Turbo boost read write operation with SSD Disk
- ✔ Keep your data safe with Auto recovery
- ✔ Fast storage provision with BTRFS Pool Technology
- ✔ Suitable for Virtualization Cluster, Document Management System (DMS), CCTV, Cloud Storage

## TECHNICAL SPECIFICATIONS

Case	: 4U
Power Supply	: 2+1 Redundant Power Supply
Processor	: Dual Xeon E52620 v3
NIC Ports	: - 2 x 1GBE port NIC - Dual port Fibre NIC
RAM	: 64 GB DDR4 RAM
HDD	: 30 x 1TB (Samsung SSD 850 Pro 1TB - 10 Year Guarantee)
RAID	: JBOD, RAID (0, 1, 5, 6, 10)
Support	: NFS, Windows Share (CIFS/SMB), FTP, SCP, Apple Time Machine
Features	: Active Directory Integration, Web Access Administration Console
